

FIRST DL14

Specifications

Gauge	12 gauge
Chamber	3" magnum
Barrel lenght available	26" - 28"
Chokes	Interchangeable chokes
Action	Made in high resistance aluminium alloy
Action	finishingThe surface of the frame is manually polished by the expert hands of a craftsman; subsequently it is engraved with a decorative motif in the upper part and pheasants in flight in the central part. The frame is then nickel-plated in order to give the shotgun brilliance and, as a final touch, the engraving is finished with deep black ink and gold details to give it elegance and sophistication. On the frame chest, a delicate play of drawings encloses the engraving of the caliber and the Marocchi logo.
Trigger guard	Single trigger
Extractor	Automatic ejectors
Stock and fore-end	Made in walnut, oil finishing
Weight	2,90Kg with 28" barrel fitted
Standard equipment	Delivered in proper box with 5 chokes of 5cm lenght, choke-key and sling swivels included
Optional / Accessories Available	ABS Gun case and steel test proof
